

just tell me

6arelyhuman

Tell me that you'll love me, nobody above me
Tell me that you'll treat me nice, oh my God, it's you and I
I don't wanna see you cry, I don't wanna say goodbye
Just tell me, just tell me-
Tell me that you'll love me, nobody above me
I just wanna fucking die, [?] by my side
By my side, by my side
Cut your wrists and I'll do mine
Oh my God, another suicide (Another suicide)

I just walked up in the store, saw your body low
Havin' sex, I just got a bag, I don't wanna talk
Yeah, you miss me, I can tell, I see it
Take that knife, and leave me bleeding
Toxic, I just love it when you wanna cry
Gonna take my life, with a knife in your eyes
Yeah, I love you baby, slit my thigh
We can do it every night, swear I'll be by your side

Please just say the truth, I'm tired of the bullshit
If-if you want me, then baby, let's do it

(Please just say the truth, I'm tired of the bullshit)
(If-if you want me, then baby, let's do it)

Tell me that you'll love me, nobody above me
Tell me that you'll treat me nice, oh my God, it's you and I
I don't wanna see you cry, I don't wanna say goodbye
Just tell me, just tell me-
Tell me that you'll love me, nobody above me
I just wanna fucking die, [?] by my side
By my side, by my side
Cut your wrists and I'll do mine
Oh my God, another suicide
