

Non-Binary Jesus

6arelyhuman

So step inside
To the divinity
Can you feel it?

In the sky, there's no gay or straight
Let's remind, ourself to forget the hate
And bless the name of love all over dinner plates
Because they love us and life, it just feels so great

Non-binary Jesus
I love them, and they love me
It don't even matter if it's a he or she
Non-binary Jesus
I love them, and they love me
It don't even matter if it's a he or she

It's enby Jesus, and they're here to see us
It's in me
It's-it's-it's in me
It's enby Jesus, and they're here to see us
It's in me
It's-it's-it's in me

They're all-knowing and they're above all this
Ran by humans, we are just some puppets
But it's enby Jesus
Our God's a genius
Would they, believe us?
How would, they treat us?
When they, when they meet us
My God lives in a rainbow cloud

Non-binary Jesus
I love them, and they love me
It don't even matter if it's a he or she
Non-binary Jesus
I love them, and they love me
It don't even matter if it's a he or she

It's enby Jesus, and they're here to see us
It's in me
It's-it's-it's in me
It's enby Jesus, and they're here to see us
It's in me
It's-it's-it's in me
It's enby Jesus, and they're here to see us
It's in me
It's-it's-it's in me

It's enby Jesus, and they're here to see us
It's in me
It's-it's-it's in me
