Oh hey, uhm, why the fuck are you even calling me? Like-  
"It was just a hook-up"  
Are you fucking stupid? Anyway, hold on one second  
"I'm so hard"

[?], they say we're gonna fuck it up and do it hard  
Oh my God, I'm crazy, I feel like I'm outta my room  
Meet me at the hotel baby, I should just screw  
Your hands aren't as sticky, but you got Gorilla Glue  
Fuck it fuck it hard, fuck it slow, fuck it fast  
Call me Jimmy Neutron 'cause I'm 'bout to, 'bout to blast  
Blast off, no I'm not talking NASA  
Going dizzy, do you wanna take my plasma?

Yeah, I'm 'bout to pop off, I be goin' insane  
What the fuck's your problem bro, tell me what your d-d-deal is  
I'm just here to party with my f-f-fucking best friends  
"It was just a hook-up, just a hook-up"  
Gimme all your money, where's the fucking blow?  
Gimme all your money, where's the fucking blow?  
Gimme all your money, where's the fucking blow?  
"It was just a hook-up, it was just a fuckin' blo-"

"Okay, uhm, I think we're getting close to the next drop, uhm,  
hold on one second."  
"I'm so hard"
