Feelin' like a scene slut, I-I-I just got my wrists cut
Bitches talkin' too much, tell them hoes to shut up (Shut up)
Bad news, needles in the bathroom
Got a lot to say? Well, lil' bitch, I didn't ask you (Ask you)

Oh, oh, I wanna go, oh, oh
Know a place that don't ever close, oh-oh
So let me know, oh, oh
Say hello, oh, oh
Got my bitches, we can bring this to the floor (Oh-)

We gettin' naughty in the club so tell the DJ, "Turn it up"
We got some bottles in our section but that shit just ain't enough
Feels like a red room, (Red room) red room (Red room)
Red room, I might be dead soon
Na-na-na-n-n-naughty in the club so tell the DJ, "Turn it up"
We got some bottles in our section but that shit just ain't enough
Feels like a red room, (Red room) red room (Red room-)
Red room, I might be dead soon (Dead soon-)

Who's gon' tell them who the baddest bitch?
With a thirty inch wig, I'm snatchin' it
I'm top tier, not average
Th-th-this my shit, I'm taggin' it
So go, oh, touch ya toes
6arelyhuman, that's the name they know
Alien how I switched the code
I'm the bitch that all y'all owe
Party animals, we're the freaks in the house
Best believe we drop it low and we get it real loud
Hit the bass, bitch, turn it up
First place, ain't no runner up
I play no cards in this bitch but you know I'm the shit
(You can call me The Queen of Clubs, yeah-)

Oh, oh, I wanna go, oh, oh
Know a place that don't ever close, oh-oh
So let me know, oh, oh
Say hello, oh, oh
Got my bitches, we can bring this to the floor (Oh-)
