

Slay Everyday

6arelyhuman

Baby, you know I came here to slay (To slay)
Bitch, you betta get out my way (My way)
Bitch, you know I got the sauce, let it marinate
Only fuckin' with you if it really resonates
Every day my birthday, so let's just celebrate
My day's one, they stay down, so we can elevate

I don't even have to try
I know that I'm so, so fly
When I, when I, when I

Wake up in the morning just to slay every day
Put them affirmations in my ear, hit replay
My hair, slay
My face, slay
This waist, slay
Slay every day
My hair, slay
My face, slay
This waist, slay
Slay every day

Hold up, better take the shit back
Can't slay now when you wear a snap back
Better get it together cause your life's off track
Can you act like a meal when you act like a snack
If you wanna, I can be your teacher
Matter fact, I can be your preacher
Spotlight, gives the hoes their feature
6arelyhuman, be the new age creature
Work so hard 'cause I ain't bottom feeder
If you need help, sis, I can be the leader
Go tell the boy "Nice to meet ya"
But better luck next time, peace, see ya

I don't even have to try
I know that I'm so, so fly
When I, when I, when I

Wake up in the morning just to slay every day
Put them affirmations in my ear, hit replay
My hair, slay
My face, slay
This waist, slay
Slay everyday

Hair, cunt
Face, cunt
Waist, cunt
Slay, cunt (Ha)

S-U-S, I'm sus as fuck
Wanna run your mouth but you never runnin' it up
Talk all this but never back it up
'Cause I'm slay as fuck, the only way is up
Real tea, I'ma chef's kiss
If you don't agree, then it ain't a diss

It's called self-love and I really gotta have it (Have it)
Down so bad, yeah this shit could get tragic
But this feeling never give away, it's magic
Really think I'ma star in the sky, no Patrick
I don't need a hype man, don't try and gas it

I don't even have to try
I know that I'm so, so fly
When I, when I, when I

Wake up in the morning just to slay everyday
Put them affirmations in my ear, hit replay
My hair, slay
My face, slay
This waist, slay
Slay every day

Hair, cunt
Face, cunt
Waist, cunt
Slay, cunt (Ha)
