6arelyhuman

In the club crushing Adderall
I got some pills, she wants them all
Scene queen in the club and her cuts are bleeding, oh my God
Watch me pour the alcohol
Chalice sippin' at the mall
Seen shawty splurgin'
Got my hairspray on, I wanna ball
Ew, why'd you let him fuck? He's a dirty lil' slut (Oh my God)
Get the fuck out, bitch, I don't fuck with thots
I'ma cast a spell, bitch, witches on the block
I think that's your girlfriend that is riding on my cock

Poppin' out in the cut
How they wanna fuck me?
You're just such a stupid slut
You could never touch me
Bitch, come and catch this nut
You're just so disgusting
You're just so disgusting
You're just so disgusting
S-C-E-N-E
Fuck with me 'cause I'm the queen
Baby wipes, I'm extra clean
Poppin' Xans, I'm turning green
Throwin' up, I'm eating beans
Bitch, I shine like Mr. Clean
Bitches poppin' through a screen
But be quiet when they're seen
Hold your breath 'cause you really can't stop me
One punch and I'm not talkin' Rocky
All these bitches, yeah, they really gettin' cocky
But I am the best and you really cannot stop me
Literally, 'cause you're really just a bottom
I'm fuckin' with these bitches and I never use a condom
Cute, cute, clean, clean, cute, cute, awesome
Fit all black, like I'm fucking saving Gotham
