

toxic

6arelyhuman

There's blood on their lips, and they want to die
You're so toxic, in reality
Why do I like it when you want to make me cry?
'Cause I'm addicted to you, don't you know I like it toxic

Why do I like it when you want to control me?
At least they care, huh, maybe they're thinking about me
I be tuning my vocals while you use me as a seat
So romantic baby, why don't you kiss me to the beat?
Do I sound crazy? I would let you ruin me, it's true
I like that love, gonna posses you, 'cause I want you
I'm very toxic, but you still want it
I'll be like your ghost, gonna haunt you
I'm never gonna stop it

Blood on my wrist, and I want to die
I'ma make sure that you never leave, it's you and I
You're so toxic, you always gonna make me cry
Always try to control me, but never tell me why
So baby can you come with me, I'll show you all the pretty things
I saw potential in you baby, I can make you spread your wings
They just wanna change you, I just wanna let you be
There's a whole world out there baby and it's all for you and me

Run up on the bitch and I called it Sassy Scene
Yes, my lyrics are explicit, but I stay hella clean
I be with girls 'cause we play for the same team
And we snatching the men, and the visas, you know what I mean
Toxic, I'm righteous, add it up, no minus
And I spit on the beat 'cause I'm clearing my sinus
And I don't think I'm the nicest, but I'm dressing no stylist
And these bitches need a Tic Tac, they got gingivitis
It's 6arely bitch
