I'm a far gone in a blacked out Benz  
I'm a boss now, I'm a disappoint my friends  
And I'm an ACL, just pickin' up the back  
Hop out the whip  
Shawty don't know how to act

6-6-6-6-6-6-6-6-6arelyhuman

Pussypussypussypussypussypull up with the answer in my pocket  
I'm a Vampire, bumping in the coffin  
I just use my bands flipping for a profit  
And shouts to God, because this beat is fucking knocking  
Everytime I step out bitch, and I'm look so pretty  
And I'm so underground, don't know me in my city  
Bitch, I like me so, I be dripping hello kitty  
And you say, you a hundred bitch, you more like fifty

I'm a far gone in a blacked out Benz  
I'm a boss now, I'ma disappoint my friends  
And I'm an ACL, just pickin' up the back  
Hop out the whip  
Shawty, don't know how to act  
All these bitches hit my phone, I wish you would hit me back  
I just made another round now I'm picking up the act  
If you sitting in my room then we fucking that's a fact  
They don't know me in my city  
But they know, I'm getting racks

Then I fall asleep off the drink, I ain't sipping like that  
I got them all in the back, coming all the time  
I got scars running down the spot, I'm a bad  
I ain't balling for you, I ain't spending like that

Pull up is that in my pocket  
I'm a Vampire, bumping in the coffin  
I just use my bands flipping for a profit  
I just a doubt because this beat is fucking knocking  
6-6ekyu, 6-6arelyhuman  
E-e-every time I step out bitch, and I'm look so pretty  
And I'm so underground, don't know me in my city  
Bitch, I like me so, I be dripping Hello Kitty  
And you say, you a to hundred bitch, you more like fifty
