Filo

Let's fucking go
6-6-6arelyhuman

You're so 2013, baby, I'm two thousand ate
Scrolling through my comments, lately all I've been getting is hate
I've been making extra cuts, some people cut like dead weight
I'm just tryna blow up from my music, not tryna bag a bae
Do my hair, got extensions
All these hatin' bitches in my mentions
Watch me travel through dimensions

Travel through dimensions, d-d-dimensions
D-d-dimensions, (Travel through dimensions, through dimension, travel
through dimensions (6-6-6arelyhuman) through dimension, d-d-
dimension, yeah)

Baby, I'm a scene king, from another galaxy
Perfect hair and tight jeans, tryna be just like me
Hating on the internet, jealous of my outfit
You don't even know me yet, but I'm living in your head
Now you can't compare, you bitches love to stare
You see us everywhere, you hate, but we don't care
Baby, you can't hang, so please stay out the way
'Cause you know that, every day's another slay!

You're so 2013, baby, I'm two thousand ate
Scrolling through my comments, lately all I've been getting is hate
I've been making extra cuts, some people cut like dead weight
I'm just tryna blow up from my music, not tryna bag a bae
Do my hair, got extensions
All these hatin' bitches in my mentions
Watch me travel through dimensions, d-d-dimensions
D-d-dimensions

Bitch, I look so futuristic, you just look, like a mistake
Make them say like "Oh, terrific", you make them say "He never ate"
These hoes, think they music critics
They don't, understand my lyrics

Travel through dimensions, through dimension
Travel through dimensions, through dimension
Through dimensions, ye-yea-
You're so 2013, baby, I'm two thousand ate
Scrolling through my comments, lately all I've been getting is hate
I've been making extra cuts, some people cut like dead weight
I'm just tryna blow up from my music, not tryna bag a bae
