

I strut my stuff like I'm on a runway  
Big lips, like oh fuck, it's a Sunday  
I want something fresh  
I ain't talking about Subway  
I need that BBL, it's almost like beach time  
We crushing grapes like lil' baby, let's drink wine  
I got a pretty face, at least I don't hate mine  
I got a pretty face, at least I don't hate mine  
I strut my stuff like I'm on a runway  
I strut my stuff like I'm on-

Long hair gonna flip, like a textbook  
Everyone one know here, that I'm extra  
Yeah, I'm extra, yeah I'm extra, I'm that bitch, yeah, I'm extra  
Long hair gonna flip, like a textbook

I'm sassy, you're clueless  
I'm classy, you're fruitless  
I'm giving Britney, you're Rufus  
I'm soapy, you're the mucus  
I'm handy, you're useless  
I'm loving, you're so heartless  
I'm serving like a goddess  
Make one wish, and make a promise  
The mirrors are calling  
Inside my skin, it's crawling  
I know found my calling  
Make me rich, just keep on talking

Make me rich, just keep on talking
