Yeah, I'm back in this bitch
And I'm here for the treble
And I keep a pink stun gun
In case I'm in trouble
Hell yeah, I copy and paste the verse
All these dumb bitches thank Ayesha first
Oh, you flipped it first?
Well try again
'Cause my purse goes first every time again

Bitch, thank you, next
'Cause your time is closer
Never heard of you
You're so over
Get out of my face
Face, face, face
Face, face
Get out of my face

Ring a bell
Only time will tell
Hope you enjoy your time in hell
'Cause you're over
Ring a bell, only time will tell
Hope you enjoy your time in hell
'Cause you're over, baby

Yeah, I'm back in this bitch
And I'm here for the treble
And I keep a pink stun gun in case I'm in trouble
Hell yeah, I copy and paste the verse
All these dumb bitches thank Ayesha first
Oh, you flipped it first? Well try again
'Cause my purse goes first every time again

Ya' over, done, finished, finito
Niggas love to hate me, but bite like mosquito
Niggas be actin', Danny Devito
I stay with the heat, like Chester and the Cheetos
I'm bad and I'm boujee, like one of the Migos
You niggas unwanted, like chili cheese Fritos (Ew, uh-uh)
I'm tough competition, this shit is a sport
Mind screwing you niggas, like my name New York
Spit on a beat, like I'm Pumpkin, of course
Ya' nothing like that, ya' nothing of the sort
Ya' ain't really hard, but puff outcha' chest
Bitch, give it a rest
Te-Te-Tell DJ Khaled
We-we-we-we-we the best (Best, best)
We up next (Next, next)
Please invest
Niggas sayin' we won't make it (Hm)
I object (I object)

Get out of my face

Face, face, face
Face, face

Ring a bell, only time will tell
Hope you enjoy your time in hell
'Cause you're over
Ring a bell, only time will tell
Hope you enjoy your time in hell
'Cause you're over, baby
