

## A Lot Like

6ix

I look a lot like you  
I feel the light burn through  
I think I look like you

I look a lot like you  
We feel the same way too  
I look a lot like you  
We feel the same way too

Back and forth in space and time  
I don't mind leaving there, I need a sign  
Back and forth in space and time  
I don't mind leaving there, I need a sign

I look a lot like you  
We feel the same way too  
I look a lot like you  
We feel the same way too  
I look a lot like you  
We feel the same way too  
I look a lot like you  
We feel the same way too  
I look a lot like you  
We feel the same way too  
I look a lot like you  
We feel the same way too  
I look a lot like you  
We feel the same way too
