(Oh my God, Ronny)

Got my mind on my money, can't lose, I only win
Tell a nigga, like Fefe, I don't really want no friends
And if I don't move right, I could lose my life, I swear
So I gotta with it, gotta keep it on me, it's right here
Gotta keep it on my body, you know I can't ride with no chop
Gotta watch who I link with, I can't give everybody the drop
And if a nigga run up on me you know somebody gon' drop
Ain't no love in the street, gotta keep it with me, niggas know
how I rock

Don't trust nobody, no, no
Show no love to nobody, no, no
Nigga wanna take what's mine, no, no
Niggas want my life, I can't go
Know I gotta stay with a black four-four
Wrist on glist and my neck on froze
Niggas wanna get that, no, no, no
That shit click-clack, it's gon' blow
Cadillac BP, moving like a VP
I ain't in DC, life ain't easy
Fool a nigga like me, gotta stay icy
Niggas so spicy 'cause they don't like me
But I know nigga like me gotta keep God close
Niggas still slide in the diablo
No stress, I'ma sleep with my eyes closed
Yeah, I know

Got my mind on my money, can't lose, I only win
Tell a nigga, like Fefe, I don't really want no friends
And if I don't move right, I could lose my life, I swear
So I gotta with it, gotta keep it on me, it's right here
Gotta keep it on my body, you know I can't ride with no chop
Gotta watch who I link with, I can't give everybody the drop
And if a nigga run up on me you know somebody gon' drop
Ain't no love in the street, gotta keep it with me, niggas know
how I rock
