Slumped up, slumped up try not to get fucked up  
Slumped up, slumped up try not to get fucked up  
Slumped up, back up, 'fore you get your head bust  
Slumped up, back up, 'fore you get your head bust

Got this FN on my body, if you feeling froggy  
Got my gang right beside me, ready to catch a homi-  
If you run up bitch I'm sorry, don't be moving wonky  
Got this bitch all on my body, bitch get off my body  
Get the fuck up out my whip  
'less you tryna suck my dick  
'less you tryna fuck my clique  
'less you tryna stack this brick  
'less you got shit I can sniff  
'less you got shit I can taste  
I might cut more off my waist  
Get the fuck up out my face  
When the k cock, it's a dirt nap  
And if you catch me without that  
Get hit in the cap  
With a motherfuckin baseball bat  
Dooby racks  
4, 5, 6  
That's a head cracked  
That's a fact, that's a fact

Slumped up, slumped up try not to get fucked up  
Slumped up, slumped up try not to get fucked up  
Slumped up, back up, 'fore you get your head bust  
Slumped up, back up, 'fore you get your head bust
