

G LOCK

6ix9ine

A-A-A Model, that shit final

I got a whole lot of opps, I bought a brand new stick
Tell 'em get it line, tell 'em suck a whole dick
I won't even spend, get my lil' niggas that check
How them niggas at your neck? What the fuck you expect?
I just put a beam on that brand new Draco
Hundred shots in it, got that shit from Diego
He movin' a dope across the border so I got me a kilo
Fuck the Nike tech', I'm doing his in mosquito

That lil' bitch, she on me, and she all on my body
G Lock on my hip, oh yeah, you know that I'm appy
My diamonds - water, it ain't drippy, got my shit from Dasani
You got your shit from Claires, my shit from every yachty
Bitches always mad, they be doing the most
Niggas big sad, 'cause they stupid and broke
Like I don't get it, get a bag, why the fuck is you broke?
She ain't even let you fuck, I put that Prada on her coat
I got a G Lock in my jeans, tuck it, dirty lemon squeeze on it
Every nigga with me got a beam, don't be bean muggin'
No, we can't be seen, running up, and then squeeze on 'em
We the reason why they got your mans on the team

I got a whole lot of opps, I bought a brand new stick
Tell 'em get it line, tell 'em suck a whole dick
I won't even spend, get my lil' niggas that check
How them niggas at your neck? What the fuck you expect?
