Know I keep a tool on me
I come in the room, I might have to move on 'em
Scope with a zoom, fuck around and boom, homie
I stay with a broom on me, better move, homie
'Fore you in a tomb, on me
We gon' bring the MACs out, we back out and spazz out
Yeah that's a blackout, get dragged out and packed out
Yeah, my trap house, I call it the black house
We move the packs out, we gon' blow the mags out

All in, anybody that'll do it (Hey!)
Everybody in the party getting stupid (Hey!)
All these thotties in the party, I ain't choosing (Hey!)
I'm off the Henny and the chuck, I might lose it (Hey!)
