

Bless Me

6LACK

Tell me tell me tell me
Tell me what you're looking for
Is that me, you'll see
You'll fall in love just from looking at me
Crystal ball I could tell you what you need to know
Please believe, You and me
We on Neptune probably smoking weed

Grind hard baby break it break it down now
Put your heart in, make me make me proud of you
I don't want to have to take ya take ya down now
Earthquake girl we bout to shake the ground now
And I've been on the road met a lot of girls but I met the wrong kind
Was looking for a muse think I found that shit in you it's been a long time
I thought I'd never change was a slave to the game in the wrong mind
Was looking for the truth then I found that shit in you I was so blind
Yeah

Please hold on to me
Girl I need your love
You were sent to me
From the skies above
Angel where you been
Fiending for your touch
Can you bless me
Please hold on to me
Girl I need your love
You were sent to me
From the skies above
Angel where you been
Fiending for your touch
Can you bless me

Tell me tell me tell me
Tell me where you wanna go
Let me know, need drugs
I know a place where we can get it for the low
Tell me tell me tell me
Tell me what you wanna do
Leave earth, for what its worth
I got these tickets now you're taking off of work

Grind hard baby break it break it down now
Put your heart in, make me make me proud of you
I don't want to have to take ya take ya down now
Earthquake girl we bout to shake the ground now
