

## First Fuck

6LACK

I bet you love me more after that first fuck  
I bet you love me more after you hear Worst Luck  
I bet you love me more when I write you these songs  
I bet you love me when I finally make it home, yeah

I'm a make it mine, mine for the night  
Got me pulling on your hair  
I'm a make it mine, mine for the night  
Got me pulling on your hair

I bet you love me more after that first fuck  
I bet you love me more after you get that first nut  
I bet you love more when I write you these songs  
I bet you love me when I finally make it home

I'm a make you mine, mine  
Got you pulling on my hair  
I'm a make you mine, mine  
(Got me pulling on your hair)

I bet you love me more after the first fuck  
I bet I love you better than your first love  
I bet I love you so much you forget the shit that had you worke  
d up, yeah  
I bet I love you more than I can say to you  
Something 'bout you makes me wanna lay with you  
But only for the night

(I'm a make you mine, mine)  
Got me pulling on your hair  
I'm a make it mine, mine for the night  
Got me pulling on your hair

I bet you love me more, I bet you love me more  
I bet you love me more  
I bet you love me more after that first fuck  
I bet you love me more
