Homicide

6LACK

If she catch me with that bitch, she runnin' down on me tonight
It's gon' be homicide
It's gon' be homicide, yeah
I can't have you thinking that I'm out here tellin' lies
It's gon' be homicide
It's gon' be homicide
Told you I could never give it up
I'm cuffin' all your love
Don't you make me pipe it up
'Cause, baby, once it's up, it's stuck
She fight a case 'bout that dick, yeah, she booted
I'm out here, can't be pursuing
Anything movin'
Yeah, yeah

Don't make her pull up, pull up, pull up
She got a shooter, she ready to suit up
Hand in my face and she wishin' me, darin' me
Touch me like do sum, do sum
She put some sugar in my tank
Come up to my job
Probably key my car
Then get the law involved
She want all the drama

If she catch me with that bitch, she runnin' down on me tonight
It's gon' be homicide
It's gon' be homicide, yeah

Found out that your ex lives close
So I'm tryna fuck you with the windows open
Love it when your jealousy shows a little
Love it when you check my phone and give me some shit
Then you give me some dick, but it's gotta be quick
'Cause a bitch that's rich stay busy
Like a thug always keep his glizzy
And you love it when I go down low like a center
And I make you say that none of these hoes could ever, ever
