

# Kinks

6LACK

You gotta work it out  
We gon' work it out  
You gotta work it out  
You gotta work out all the kinks to get a hold of everything

Since we on Earth, gotta make it count  
The first rule is never stay in bounds  
You gotta work out all the kinks to get a hold of everything

You gotta make time, never waste time  
Shame on you, that's if you waste mine  
With all the pain I done felt, stories I done told  
Pages in a book, now watch it unfold

My arch ain't been reached, gotta work out the kinks  
Engineer shawty how I work out the speaks  
You gotta work out all the kinks to get a hold of everything

Remember when I thought I had it figured  
Switched my dimensions, saw the bigger picture  
Triggered by things that never really mattered  
No more crashing out, and no more going backwards

You gotta work it out  
You gotta work it out  
You gotta work out all the kinks to get a hold of everything  
You gotta work it out  
You gotta work out all the kinks to get a hold of everything

Everybody needs some lovin' sometimes  
I gotta get it right while I got the time  
I wanna work on you all night  
Can we get it right, get it right, get it right?

You gotta work it out  
You gotta work it out  
If you wanna get to love  
We gon' work it out  
You gotta work it out  
You gotta work it out  
If you wanna get to love  
We gon', we-we-we gon', wor-wor-wor-wor-work it out

Pressure making diamonds last forever  
I knew you could get it when I met ya  
Rollercoaster lovin' is my pleasure forever, forever

Work out all the kinks to get it right
