

Outside

6LACK

(Gimme your love)
(I want your love)
(I want your love)
(Gimme your love)
(My love)
(I want your love)
(Gimme your love)
(Show me love)
(Gimme your love)
(I want your love)

I'll give you the time of your life
Just wait till we can go outside
It's been a while, we been locked in
D-D-D-D, D-D-D-D, D-D-Damn

I'm excited just to hold your hand
I'm still stuck on love like it's crazy glue
Me without you, I'll prolly fade to blue
Another love song of what you made me do

Find me someone
I can play with
When it's time to go outside and play again
Find me someone
I can play with
When it's time to go outside and play again

I'll give you the time of your life
Just wait till we can go outside
Where April can't ruin our plan
D-D-D-D, D-D-D-D, D-D-Damn

Dusse for the game watch me po-up
Drinking on liquor till I throw up
Russian Cream Backwood roll up
Can't wait till we living like we wanna
I can't wait till we chase the sun and watch it set
I can't wait to make all the times we won't forget
Memories that we'll pass down and reminisce
Yeah, later on we get old and show our kids
Showing us photos of how we use to live
And telling story of how we fell in love
And teaching a prayer, I prayed that I would win
Yeah, yeah, yeah

Find me someone
I can play with
When it's time to go outside and play again
Find me someone
I can play with
When it's time to go outside and play again

(Gimme your love)
(I want your love)
(Gimme love)
(I want your love)

(Gimme your love)
(My love)
(I want your love)
(Gimme your love)
(Show me love)
(I want your love)
(Gimme your love)
