

Thugger's Interlude

6LACK

Going under

Going under

Tryna keep myself from going under

I've been listening to Young Thugger

When it's good, it's good

But the question is, are you down to fuck with the other side?

(no cap, no rap cap)

Lately I been bumping trap music

Don't wanna listen if I can't dab to it

'Cause all that other shit makes me think about all the things

I don't wanna think about

But I'm a hypocrite, cause here I am with another slow song

I'm a hypocrite, singing like a nigga doing no wrong

Ever since I got me a check, I got a check

Them digits really have them bitches coming for your neck (for your neck)
