

Hope my mistakes don't make me less of a man  
'Cause lately, it feel like them shits really can  
I'm prayin' I don't wake up all alone  
It's hard to say it, so I write a song  
But that ain't equal to me writing wrongs  
I'm stuck between a rock and a heart place  
And I might have to figure this out the hard way  
We may not end on the best terms  
But maybe we should love and we should learn

I don't wanna fight or be at war with you  
But you gotta want the same things  
I don't wanna fight or be at war, no, no, with you  
But you gotta want the same things

So if you ever fall  
You know that I'll be there  
I know how to put my ego aside, yeah  
Correct me if I'm wrong  
You said you never wanna share  
But now I'm stuck between  
What I love and who I love and  
I know it's unfair, yeah  
I know it's unfair, yeah

Do I got blessings or karma in my future?  
Broke her heart, now that bitch listen to Future  
At one point, I could say she was my shooter  
Lately, I'm the one that's doing the shooting  
Ruger fire the tooly, wasn't tryna use it  
I told her I love her, she told me prove it  
Summer 2011, it's like I looped it  
Now I see her in you and that ain't even you  
It's not stupid

I don't wanna fight or be at war (Don't wanna fight or be at war)  
With you (With you), but you (But you)  
Gotta want the same things (Want the same things)  
I don't wanna fight or be at war, no, no, with you  
But you gotta want the same things (Gotta want the same things)

So if you ever fall (So if you ever fall)  
You know that I'll be there (You know that I'll be there)  
I know how to put my ego aside  
(I know how to put my ego aside), yeah  
Correct me if I'm wrong (Correct me if I'm wrong)  
You said you never wanna share (You never wanna share)  
But now I'm stuck between  
What I love and who I love and  
I know it's unfair, yeah  
I know it's unfair

I been chillin' in the studio  
Tryin' to get home, but I gotta nice verse that I'm tryna get out  
Every time I'm in the A  
I don't know where nothing is in my own house  
And that's kinda silly

Story of my life
