

Hold my dick 'cause I'm 'bout to go in
Oh sorry, that's ya bitch, I was eager for a swim
Why the hell you mad at me? I'm just one of many men
I could tell she for the streets by the way she make it bend
It's been one hell of a week and it's got me really tense
I just rolled my seventh leaf and it's only 1pm
Know I only live for me, so I don't have many friends
It's like 5000 degrees, think a demon's here again

I ain't here to work, it's kill the leader, feel like kill bill
I've got a purpose, and my meter's getting real filled
I know you ain't worth it, you's a leecher, yeah, that's real s
pill
I know that for certain, I ain't bleachers, I'm the real deal
Just get out my way, I promise you that I'll be real chill
2 blunts to the face and honestly, I still got ill will
I might have to pop 'cause I don't really wanna feel real
Runnin' out of options, feel about as much as bills feel
Don't do regular talking, I'd rather be in a coffin
Proceed, move with caution, step, Louboutin'em
Feel like I'm groovy Tony, I paint, and you know Lisa moanin'
She throwin' coochie on me sideways, it's really a freak show

And she got a deep throat, promise myself to never repeat those
But I think I need more, I'm lovin' the ass, she lovin' my stel
o
Do you get the memo? Second, we fuck, at first it was hello
Say you want meadows, heard it before, approximately 10 hoes
You need some mentos, smell the cap, you know I repent those
I'm bein' mellow, probably 'cause I popped me a benzo
I'm feelin' free though, don't even hoop, but ball like Melo
I'm stayin' below, don't see a light, but I hear an echo

Hold my dick 'cause I'm 'bout to go in
Oh sorry, that's ya bitch, I was eager for a swim
