

Da-da-da-da-da  
Da-da-da  
Da-da-da-da-da  
Roll, (Roll), Roll another one  
Roll, roll, roll  
Roll another one (Another one)

Ro-ro-ro-roll me another one, OG in my lungs  
Smoking, 'till I'm dumb, floating, high as fuck  
Throw me in the dust, lonely, don't give a fuck  
Cozy, I'm really stuck, low-key, I been corrupt  
Burning, going down, earning, going up  
Learning the ins and outs of hell, guess I'm growin' up  
Hurting, let me drown, you're bringing bad luck  
Yearning when shit ain't going well, it ain't adding up

Hey, (Hey), Hey, really tryna trust you, but no such thing  
Just go back into your habitat, you know, slut things  
Don't know why I get attached to that like damn, "Fuck me, fuck  
me, fuck me"  
Know I hate the way this goes  
Always killin' off my high, then back to lows  
That's the last I give my heart to a ratchet hoe  
At least till the next time I'm thinking irrationally  
I just gotta focus, on my money  
Tried to love and I end up a dummy  
Don't give a fuck, I'll just smoke up some OG  
Don't give a fuck, I'll just smoke up some OG

Roll me another one, OG in my lungs  
Smoking, 'till I'm dumb, floating, high as fuck  
Throw me in the dust, lonely, don't give a fuck  
Cozy, I'm really stuck, low-key, I been corrupt  
Burning, going down, earning, going up  
Learning the ins and outs of hell, guess I'm growin' up  
Hurting, let me drown, you're bringing bad luck  
Yearning when shit ain't going well, it ain't adding up

Roll, roll  
Roll, roll  
Roll, oh-woah, roll-oh
