

Dead ends

It must be resolved, and before the night ends
You been petty with my flaws, how you follow my trends
You ain't good to me at all, especially when I'm tense
I'm sick, I'm sick, I'm sick to my stomach
This shit ain't it, it's not what I wanted
This shit dangerous, don't know what to call it
Don't know why I'm on it, I know that you love it
Well fuck it I guess

Be gone by the morning, naw, I ain't get rest
New check, new attitude, I'm at my best
New step, new fazos on my feet, white, crest
My neck's getting stiff trynna carry all the rest
I deflect all the negativity but it's been killing me
You tried getting rid of me but we're infinity
I try to find a realer me but I don't feel a thing
You gotta try to deal with me 'cause you ain't leaving me
I deflect all the negativity but it's been killing me
You tried getting rid of me but we're infinity
I try to find a realer me but I don't feel a thing
You gotta try to deal with me 'cause you ain't leaving me
