

Death Note

60

(Death note, death note on my bed)
(Death note, death note on my bed)

Death note, death note on my bed
Death note, death note on my bed
Barely breathing, not much left, not much left
Death note, death note, I'm barely breathin'
Death note, death note, I'm tryna hang on
I'm barely breathin', I'm barely breathin'

I don't have much left
But I'm still hanging on
I'm on my last breath
And I hope when I'm gone
That you have regrets
You never move along

Oh, oh
Oh, oh
Oh, oh
Oh, oh, oh, oh

Heart beating too fast, slow it down
I can feel the weight of the earth coming down
I'm a waste anyways, yeah, I'm burning out
You took everything we had and you burned it down
Yeah, yeah you burned it down
Yeah, yeah you burned it down
Yeah, yeah you burned it down
Burned it down, burned it down

Oh, oh, oh
Woah, oh
Oh woah, oh woah

Death note, death note on my bed
Death note, death note on my bed
Barely breathing, not much left, not much left
Death note, death note, I'm barely breathin'
Death note, death note, I'm tryna hang on
I'm barely breathin', I'm barely breathin'
