

New bitch by my side, hope I don't ruin her  
'Cause my ex bitch taking drugs and I hate seeing what they do to her

What she gon' do when she see I'm using her  
Started off as such a sweet kid, turned to an executioner

This ain't gonna end well, but at least I do what you prefer  
Last one made my life hell, I'm glad that I included her  
Better off by myself, the only time I'm good with words  
I'm done bein' the nice guy, let's see who gon' be stupid first

Bet I'll have the upper hand, you like that, so you'll return  
Crash and burn, you and I, hand in hand, lucifer  
Wanna die but I can't, so I'm high, Jupiter  
Don't know why I'm goin' on knowing I'm losing her

Bet I'll have the upper hand, you like that, so you'll return  
Crash and burn, you and I, hand in hand, lucifer  
Wanna die but I can't, so I'm high, Jupiter  
Don't know why I'm goin' on knowing I'm losing her
