

I won't ever sell my soul
Paranoid everywhere I go
Hold my baby just to make me feel at home
Promise her I'll never let it go
Used to think that I would burn in hell for the bands
I realize I never wanted that, I'm not a bad guy
I'd always feel alone and feel as dead as all the dead guys
I just want my baby and my fam, don't want the fast life

Is it too late, am I in too deep?
Took a trip to LA, gotta dodge all the demons
Hit me up when I'm up, let me down when I'm bleedin'
Hit me up when I'm up, let me down when I'm bleedin'
Baby when I tell you that I love you, know I mean it
When I look at you I think my life might have a meaning
Promise you we'll bring this shit to life if we believe it
Keep each other safe 'cause when it's late is when they feedin'
Baby when I tell you that I love you, know I mean it
When I look at you I think my life might have a meaning
Promise you we'll bring this shit to life if we believe it
Keep each other safe 'cause when it's late is when they feedin'

I won't ever sell my soul
Paranoid everywhere I go
Hold my baby just to make me feel at home
Promise her I'll never let it go
Used to think that I would burn in hell for the bands
I realize I never wanted that, I'm not a bad guy
I'd always feel alone and feel as dead as all the dead guys
I just want my baby and my fam, don't want the fast life

I don't have too many friends, people try to drain me
You can tell what they intend, look at what they chasing
People always following trends trynna get a praising
Some people would leave you dead just to get a praising
It's amazing, sometimes I feel like I can change things
Other times I feel like time's being wasted
Sometimes it is real, other times I gotta fake things
Focused on the love, I'm not focused on the fake things
Sometimes I just hate things, I wanna replace things
No don't complicate things, no don't complicate things
Sometimes it is real, other times I gotta fake things
Focused on the love, I'm not focused on the fake things

I won't ever sell my soul
Paranoid everywhere I go
Hold my baby just to make me feel at home
Promise her I'll never let it go
Used to think that I would burn in hell for the bands
I realize I never wanted that, I'm not a bad guy
I'd always feel alone and feel as dead as all the dead guys
I just want my baby and my fam, don't want the fast life
