

This beat already probably been used but I'll be the one who's
gon' body it (hey)
Thumbing through all of my blues, keep it low key, I do not mak
e it obvious
Ain't sending these labels my music, passed to the majors just
so they can copy it (wack)
Dolo is how I pursue it, fuck do I look like needing something
outta ya?
And bitch I don't need your reviews, know you just mad 'cause I
'm paid from a hobby
And when I headline like the news, they gon' be saying I'm illu
minati
I'm really liking the views, not kicking my feet up, I don't li
ke karate
Straight to the bank, no recoup, hundred percent, it goes right
in my wallet

Right in my wallet (yeah)
DND I don't do talking
You know I'm all in
Still need to get high 'fo I walk in
Feel like I'm falling
Gotta get right with God, feel like I'm stalling (woah)
That shit appalling, look at the hell this made for me, I cause
d it
Yeah I done caused it
I feel uncomfortable, I'm feeling nauseous
Control, alt, delete, I do not want to log in
I feel depleted, I need to get off this
I leave the earth, you can keep the belongings
Knew this a mistake from the second I spawned in
It be malfunctions in all my installments
Don't look up to me lil bro, you should be scoffing
