

I'ma just play dumb
Stayin' really high, yeah, way up
But I guess at least I'm paid up

I'm on the borderline of my insanity for real
Pop a couple pills, took a flight to the hills
Can't tell what's real now, I don't even feel
Guess I'm gonna peel out, my soul needs a deal
I been doin' this for too long, no room left to chill
I be livin' in my head, won't tell you how I feel
So just put that shit to bed 'cause I'm keepin' it sealed (shhhh)
Keepin' it sealed (yuh)

You wanna get me to open
Sorry I don't show no emotions
Blame it on my last why I'm broken
Now you tell me that I'm cold, no shit
So it's null and void with ya notion
Had to stop you while you in motion
Not my fault that you failed to notice
That I'm hopeless
Just a lost soul
Feel like I be on a timer with this shit, so
I cannot fold
Every time I get involved, it's just a shit show
I don't wanna wake up
Cover up your lies like makeup
I just realized my fate
Maybe they should put me away 'cause

I'm on the borderline of my insanity for real
Pop a couple pills, took a flight to the hills
Can't tell what's real now, I don't even feel
Guess I'm gonna peel out, my soul needs a deal
I been doin' this for too long, no room left to chill
I be livin' in my head, won't tell you how I feel
So just put that shit to bed 'cause I'm keepin' it sealed (shhhh)
Keepin' it sealed (yuh)

Now I'm not gonna talk to you about nothin'
Not too many people that would understand
So I won't bother you about nothin'
About nothing (aye)
I'ma just play dumb
Stayin' really high, yeah, way up
But I guess at least I'm paid up
But there ain't a reason I should save up
Just a lost soul
Feel like I be on a timer with this shit, so
I cannot fold
Every time I get involved, it's just a shit show
I don't wanna wake up
Cover up your lies like makeup
I just realized my fate
Maybe they should put me away 'cause

I'm on the borderline of my insanity for real

Pop a couple pills, took a flight to the hills
Can't tell what's real now, I don't even feel
Guess I'm gonna peel out, my soul needs a deal
