

New Feeling

60

New feelings in my body, but it's not supposed to
Hurt this much, but it's so close to
Getting everything I want, but know the only thing is you
New feelin' in my body, but it's not supposed to
Hurt this much, but it's so close to
Getting everything I want, but know the only thing is you

Baby yeah I choose you, I won't ever use you
Baby no don't use me, really gettin' used to it
Want it to be true, you would see me as a who new it
Baby if it hurts me, you too, voodoo it
I got issues that I should've let you know about
I'm gon' bottle this shit up, don't wanna let you down
I won't ever let you down, just don't throw it out
If you ever leave my side I won't stop falling down
You the answer to the questions I was putting out
You the answer to the questions I was putting out

New feelings in my body, but it's not supposed to
Hurt this much, but it's so close to
Getting everything I want, but know the only thing is you
New feelin' in my body, but it's not supposed to
Hurt this much, but it's so close to
Getting everything I want, but know the only thing is you

I used to be alone before you were by my side
Thought I had it all, I was dead inside
Runnin' from my problems, I depend on mine
Need you and me every night
If did not have your love
I don't think that I could trust
No other, you are the one
No other, you are the one
If did not have your love
I don't think that I could trust
No other, you are the one
No other, you are the one

New feelings in my body, but it's not supposed to
Hurt this much, but it's so close to
Getting everything I want, but know the only thing is you
New feelin' in my body, but it's not supposed to
Hurt this much, but it's so close to
Getting everything I want, but know the only thing is you
