

No Tomorrow

60

I'm all up in my head
I want this to last
I don't wanna be time borrowed
I know we're moving fast
Foot stuck on the gas
Ain't thinkin' 'bout no tomorrow

I try not to baby but I'm thinkin' too much
I ignore my problems, leave my pain in the cup
Ain't for no good time bitch, I get faded for what?
Sometimes I don't know but I'm still blazin' it up
Got too high, I'm stuck up at the crossroads (ahh)
Soul left out my shoes bitch I forgot those (ahh)
I don't wanna be another lost soul (ahh)
But I'm a different person when I'm on those (ahh)

I been trynna get 'em out my head
I been stuck on what you said
I don't want this shit to end heart hallowed
Damn, did this shit again
Don't have a defense
But ain't thinkin' bout no tomorrow

I'm all up in my head
I want this to last
I don't wanna be time borrowed
I know we're moving fast
Foot stuck on the gas
Ain't thinkin' 'bout no tomorrow
I'm all up in my head
I want this to last
I don't wanna be time borrowed
I know we're moving fast
Foot stuck on the gas
Ain't thinkin' 'bout no tomorrow

Thoughts stuck in my head about me givin' it up (ahh)
I lie in my songs, act like I'm livin' it up (woah)
Contract for my soul I've thought 'bout rippin' it up (ahh)
Having second thoughts, already live in disgust (Woah)
Wet every time I step
I'm doing my best
Still drowning in stress
At least I'm turning heads
More and more my check
But I don't like to flex
I need my respect

I been trynna get 'em out my head
I been stuck on what you said
I don't want this shit to end heart hallowed
Damn, did this shit again
Don't have a defense
But ain't thinkin' bout no tomorrow

I'm all up in my head
I want this to last

I don't wanna be time borrowed
I know we're moving fast
Foot stuck on the gas
Ain't thinkin' 'bout no tomorrow
I'm all up in my head
I want this to last
I don't wanna be time borrowed
I know we're moving fast
Foot stuck on the gas
Ain't thinkin' 'bout no tomorrow
