

## Not Sure Why

60

I don't think I'm alright, I'm losin' my mind  
It's way too much to think about now  
I'm still chasing these highs, I'm not too sure why  
Both feet lifted off the ground  
Voices stuck in my mind, I told 'em be quiet  
I don't wanna hear a sound  
You're too good for me, I'm too numb for you now  
Maybe one day I'll come around

But I doubt it  
I think I ran out of mileage  
I don't see the light, it's too clouded  
But I think that I'll live without it  
I'm prayin' to god, he don't hear me out, no matter how loud I'm shouting  
Don't tell me I'm lost, I know where I am, I know that I can't make it out it

Tip toe through the hell I've been living in now  
I don't wanna think about it  
Tip toe through the hell I've been living in now  
I don't wanna think about it

I don't think I'm alright, I'm losin' my mind  
It's way too much to think about now  
I'm still chasing these highs, I'm not too sure why  
Both feet lifted off the ground  
Voices stuck in my mind, I told 'em be quiet  
I don't wanna hear a sound  
You're too good for me, I'm too numb for you now  
Maybe one day I'll come around

Tip toe through the hell I've been living in now  
I don't wanna think about it  
Tip toe through the hell I've been living in now  
I don't wanna think about it
