

Don't throw that bullshit at me, you know I'll duck it (Ooh)  
I stay so high, I'm way above it  
Just 'cause I don't see it, it don't mean it's nothin'  
It's up in my mind, I'm feelin' somethin'  
I said "Oh my God," oh, oh  
If you can't trust me, then there's no hope  
Yeah, I know this shit is hard, but don't go  
I know this is what we want, we both know

Put that on God, I don't know if I trust myself  
Drinkin' too much, smokin' too much, I don't care 'bout health  
Thinkin' late night, really hate how I see myself  
Give it some time, they'll get used to it, they don't care how you feel  
I got used to it, now I'm numb to that  
Last, I don't ask  
Rather see you undress  
Need to decompress, leavin' me some stress  
Nicotine before sex, feels good but won't last  
Feels good but won't last  
Feels good but won't last, feels good but won't last  
Nicotine before sex, feels good but won't last  
Feels good but won't last

Don't throw that bullshit at me, you know I'll duck it (Ooh)

Yeah, I know this shit is hard, but don't go  
I know this is what we want, we both know

You didn't even try, you're standin' there, didn't let me come  
Where did the love go? Where did the love go?  
Shit used to be good, now I'm havin' temptations  
Lil' bitch tried to expose me, but I've been a freak  
How did you fall for me after all of this pain and agony?  
You've been draggin' me through hell, it's time to see  
I can't even reach beneath or above the sea that I've been drownin'  
The only lie that's proven is science  
You can't hide it  
I told that bitch good luck, she went back hikin'  
You know I never gave two fucks if a bitch didn't like me  
Since a youngin', I was cursed, nobody liked me

Don't throw that bullshit at me, you know I'll duck it (Ooh)
