

Stay for a minute, you don't even wanna try, wait
It's always 'bout you, you don't ever do it my way
At first it was great, then it really went sideways
At first it was love, now it's everything that I hate
Why you so selfish? It's never 'bout what I think
Why you take for granted every single thing that I bring?
Why's it always everything is perfect but the timing?
Could've been the knight, the armor shining
Now every time I call, you let the phone ring
Let it ring, let it ring

Now baby I ain't feeling nothing
Pour another up, I'm numbing
Once again I'm self destructing
Once again I'm self destructing
Don't you see it in my face?
Every single night I'm trying different things
I know you and I have got some different ways
Playing different games, but I miss your face
Because it's been awhile
I feel like I'm barely breathing, goin' in and out
Damn I think I need another, really itchin' now
Look, another bitch gave me something to bitch about

Stay for a minute, you don't even wanna try, wait
It's always 'bout you, you don't ever do it my way
At first it was great, then it really went sideways
At first it was love, now it's everything that I hate
Why you so selfish? It's never 'bout what I think
Why you take for granted every single thing that I bring?
Why's it always everything is perfect but the timing?
Could've been the knight, the armor shining
Now every time I call, you let the phone ring
Let it ring, let it ring
