

# Shut Up

60

La, da da da da da da  
Shut up, don't wanna hear you talk  
Trust me I've heard it all  
Just shut the fuck up or I'm gone  
Because trust, I don't need you love  
Been through this shit enough  
La, da da da da da da  
Shut up, don't wanna hear you talk  
Trust me I've heard it all  
Just shut the fuck up or I'm gone  
Because trust, I don't need you love  
Been through this shit enough

Woah, I just think this time I need to move slow  
Better yet, I do this shit on my own  
Every time I think I've found my home  
Give it time, she really be a psycho  
Gotta lose those  
But I'm addicted, guess that's a new low  
I gotta kick this shit, no judo  
Just for now, ignore it, getting high like Pluto  
Started coming down, seeing mars, no Bruno  
Really up in arms 'bout you, like, you know?  
Really getting hard, can you make yourself useful?  
Every time you open up your mouth it's really brutal

La, da da da da da da  
Shut up, don't wanna hear you talk  
Trust me I've heard it all  
Just shut the fuck up or I'm gone  
Because trust, I don't need you love  
Been through this shit enough  
La, da da da da da da  
Shut up, don't wanna hear you talk  
Trust me I've heard it all  
Just shut the fuck up or I'm gone  
Because trust, I don't need you love  
Been through this shit enough
