

# Stuck In Your Head

60

You said you're moving out to California  
And you thought that I might meet you there  
But now I know it was all just a game to ya  
So guess what, I'ma play it fair

Come and meet me in the dark with your heart  
Don't tell me how you're feeling, just say you're mine  
Under the red lights we're lying to our hearts

You say I'm stuck in your head  
But you don't ever wanna see me again  
Now do you really think I'm that ignorant?  
I'm stuck in your head, stuck in your head

Now, do you really think you're the only one  
Who knows how to play this game?  
'Cause after all this time  
I hope you'd realize, we aren't the same

Come and meet me in the dark with your heart  
Don't tell me how you're feeling, just say you're mine  
Under the red lights we're lying to our hearts

You tried to play me for a fool  
I tried my hardest to get over you  
I can't complain, I noticed you  
Been acting strange, there's more to you  
There's more to you  
There's more to you  
There's more to you, oh

You say I'm stuck in your head  
But you don't ever want to see me again  
Now do you really think I'm that ignorant?  
I'm stuck in your head, stuck in your head  
Head

Now I'm running, running through your mind  
On repeat every single night, yeah  
Happens every, every time  
Every time, stuck in your head

Stuck in your head  
But you don't ever want to see me again  
Now do you really think I'm that ignorant?  
I'm stuck in your head, stuck in your head

Do you really, do you really think (stuck in your head)  
Do you really, do you really think  
Do you really, do you really think
