

Throw Away My Life

60

Got some Jack and some coke, not sober for the night
(Got some Jack and some coke, not sober for the night)
Got some gas and a hoe that make me feel alright
(Got some gas and a hoe that make me feel alright)
I feel lost, ain't no home, it's been that way for life
(I feel lost, ain't no home, it's been that way for life)
It's a hole in my soul, it's been that way for life
(It's a hole in my soul, it's been that way for life)

Trust me I'll be fine
Don't need you
Waiting my whole life
Now I'm through
I guess I'll keep trying
Just for you
I'll just, throw away my life
(Just doin' it for you)
Throw away, throw away, throw away
Throw away, throw away, throw away
(Just doin' it for you)

Got some Jack and some coke, not sober for the night
(Got some Jack and some coke, not sober for the night)
Got some gas and a hoe that make me feel alright
(Got some gas and a hoe that make me feel alright)
I feel lost, ain't no home, it's been that way for life
(I feel lost, ain't no home, it's been that way for life)
It's a hole in my soul, it's been that way for life
