

## Wash It Down

60

I don't want to see us like this  
I can't believe it's like this  
Fuckin' after screaming type shit  
It's got me down, I'm bleedin' out quick  
Got me down  
I done tried but you never wanna talk it out  
How it feel every time that you shot me down  
All this pain, been trying to wash down, wash down yeah

Bet you love that  
You trynna play it cool? Yeah, I'm dead  
Got nothing left, yeah I'm spent  
I don't give a fuck if you upset  
I ain't gon' lie, I'm done with that  
Next bitch around better come correct  
Demons hold me down, I'm stuck with that  
Try to shake 'em but good luck with that  
Turn me over, switching sides  
Don't feel nothing, unless I'm high  
Lost control of my whole life  
Dead man walking, not alive  
I don't wanna see us like this  
Stomach turning, baby I'm sick  
You're nothing like the shit that I miss  
Better stop the shit before it begins

I don't want to see us like this  
I can't believe it's like this  
Fuckin' after screaming type shit  
It's got me down, I'm bleedin' out quick  
Got me down  
I done tried but you never wanna talk it out  
How it feel every time that you shot me down  
All this pain, been trying to wash down, wash down yeah

I don't want to see us like this  
I can't believe it's like this  
Fuckin' after screaming type shit  
It's got me down, I'm bleedin' out quick  
Got me down
