

Take your time when you throwin' that back
When you throwin' that ass
Take your time when you throwin' that back
When you throwin' that ass
Speed it up, slow it back down
Beat it up, pow pow, Pacquiao
Leave it up, keep your back-down
Keep it up, I might act out
Now make it twerk, twerk, twerk
Lil shawty do the work, work, work
Come on, prove to me your worth, worth, worth
Do it 'till that ass hurt, hurt, hurt

Keep that bounce, don't let it slide out
Ask what's next, guess we gon' find out
Ask what's next, guess we gon' find out
My best guess, we gon' need plan B
She like to do it hands free
My white ass got no rythm when I'm dancing
Might I ask, is it only 'cause I can sing?
Never mind, you don't need an understanding
We don't need strings attached
Oh no, no, it don't gotta be like that
Oh, woah, but I really fell in love with that ass
But I just keep quiet 'cause I don't gotta ask
'Cause I know without question you

Take your time when you throwin' that back
When you throwin' that ass
Take your time when you throwin' that back
When you throwin' that ass
Speed it up, slow it back down
Beat it up, pow pow, Pacquiao
Leave it up, keep your back-down
Keep it up, I might act out
Now make it twerk, twerk, twerk
Lil shawty do the work, work, work
Come on, prove to me your worth, worth, worth
Do it 'till that ass hurt, hurt, hurt
