

Boy you know you got yourself together
And you sounding like those other fellas
The way you rock your clothes
Lookin good from head to toe
They don't even know
If your homies ain't got no chedda
You hangin with a scrub no neva
If you would let me know
We can keep it on the low
You can call me up fo' sho'

Cause I got to say I'm digging you
And I'm feelin everything you do
Well I like it when you come around me
Just let me know what is your fantasy
My baby don't be so shady
Gonna make you forget about your lady
Everytime you drop in
Got the club poppin
Won't you come and dance with me tonight

Off The Chain
When you rock that ice cream bling
Off The Chain
When your sitting on your 20
Off The Chain
You know that you be doin it right
And your game is tight
Cause your off the chain to me
Off The Chain
Your money ain't a thing
Off The Chain
When your bumpin your wang tang
Off The Chain
Why don't I spend some time with you
We can have a drink or two
Cause your Off The Chain to me

Now you know that I just had to holla
Cause I like the way you pop ya collar
Your the one I wanna see
I just want you next to me
(Satisfaction guaranteed)
All them other guys can't get nada
Cause they don't know how to clock them dollars
Boy you got me in a trance
No one else is worth the chance
(I just wanna make you dance)

Cause I got to say I'm digging you
And I'm feelin everything you do
Well I like it when you come around me
Just let me know what is your fantasy
