Wait Until Five

764-HERO

I wait until five
before I abide.
You're making excuses I could do without.
Abuse is what I'm all about.
And I'm drinking alone.
But at least I'm alone.
At least I'm alone.

And you
You try to sleep in late.
To avoid the debate.
You're hearing excuses that you memorized.
And I catch you lip-syncing my alibi.
And I'm thinking alone.
But at least I'm alone.
At least I'm alone.

Before it's too late
pick up the cage.
Pick up the one more round.
I wanna die so much inside.
So much for the one more round.

And You
You try to sleep in late.
To avoid the debate.
You're hearing excuses that you've memorized.
And I catch you lip-syncing my alibi.
And I'm drinking alone.
But at least I'm alone.
At least I'm alone.
At least I'm alone.
At least I'm alone.
At least I'm alone.
At least I'm alone.
At least I'm alone.
At least I'm alone.
At least I'm alone.
