

Pray It Down

7eventh Time Down

We've heard You inhabit the praise of
Your people
Your people
We worship the holy name of
You Jesus
You Jesus
Come invade this ball of dirt
Show Your glory in all the earth

Right here
Right now
We're crying out
Send heaven
God we're gonna pray it down
Your kingdom come
Your will be done
Send heaven
God we're gonna pray it down

Show us Your power and glory
We need it
We need it
We bow in expectation
Believing
Believing
You'll invade this ball of dirt
And Show us Your glory in all the earth

Right here
Right now
We're crying out
Send heaven
God we're gonna pray it down
Your kingdom come
Your will be done
Send heaven
God we're gonna pray it down

Spirit fall like the pouring rain
Our hearts are Yours to take
Send heaven
Send heaven now
God we're gonna pray it down

Right here
Right now
We're crying out
Send heaven
God we're gonna pray it down
Your kingdom come
Your will be done
Send heaven
God we're gonna pray it down

Spirit fall like the pouring rain
Our hearts are Yours to take
Send heaven

Send heaven now
God we're gonna pray it down
We know You inhabit the praise of Your people
Your people
