

Renegade

7eventh Time Down

I'm sideways on the highway
It's looking like a good day for a fight
Let's drive

I've got my gas pedal kicking back
At me like a 45
I'm gonna make it out alive

Hell can't keep it hands on me
I've gotta make my get away

I keep seeing you in my rear view
I'll never hit the brakes no matter what it takes
I won't ever relive what I've been through
No matter what it takes
I'm running like a renegade

The fast lanes not a scary thing
When you're running from that man you use to be
Cuz you know you'll never go
Back to your life lived in misery

Life won't ever be the same
After the getaway

I keep seeing you in my rear view
I'll never hit the brakes
no matter what it takes
I won't ever relive what I've been through
No matter what it takes
No matter what they say
Gears are grinding
You're behind me
I'll never hit the brakes
No matter what it takes
White smokes rolling
Driving like I stole it
No matter what it takes
I'm running like a renegade
