

Right Here

7eventh Time Down

In the dark
I'm reaching out for something
Just a spark
But I can't catch a glimpse where you are

When it feels like no one's listening
I can shout and no one hears me
In the moments when I think I'm all alone
I hear you saying

I'm right here, I never left you
All those tears, I'm crying with you
Right here, holding your hand in mine
I've been here the whole time

When hope feels lost
And I can't find my way back to the cross
I just need to hear your voice

When it feels like no one's listening
I can shout and no one hears me
In the moments when I think I'm all alone
I hear you saying

I'm right here, I never left you
All those tears, I'm crying with you
Right here, holding your hand in mine
I've been here the whole time

Right here
Never far away
Right now
Never far away
Right here, right now
Never far away
Right here, right now
Never far away

I'm right here, I never left you
All those tears, I'm crying with you
Right here, holding your hand in mine
I've been here the whole time

I'm right here, I never left you
All those tears, I'm crying with you
Right here, holding your hand in mine
I've been here the whole time
I've been here the whole time

Right here
Never far away (Right now)
Right here (Right now)
Never far away
