

**2 MIN**

**80purppp**

How the fuck am I supposed to get you to know me in just two minutes?  
I like Mac  
I like Kendrick  
I like that  
I like them  
But truth is I have trouble trusting most of my friends  
How the fuck am I supposed to get you to know me in just two minutes?  
She told me she only wanna be friends  
But I got my ticket  
I'm on the plane and now I'm sending messages  
Tryna figure out who Imma kick it with  
So how the fuck  
Am I supposed to get you to know me in just two minutes?  
Spending money I'm spending money  
But really I don't know where it's coming from  
It's kids dying in Palestine  
But I bought the bombs with my tax dollars  
So how the fuck  
Am I supposed to get you to know me in just two minutes?  
I got hurt once and I spent the rest of my life  
Chasing the one who did it  
Did it give me closure?  
Will she give me closure?  
Did she ever know me?  
Did I ever know her?  
The past is the past  
The question is: will it ever last?  
Will it fade away?  
Or will it live to stay another day?  
Did it give me closure?  
Will she give me closure?  
Did she ever know me?  
Did I ever know her?  
The past is the past  
The question is: will it ever last?  
Will it fade away?  
Or will it live to stay another day?
