

Never Been The Same

80purppp

Every single minute (you know), you know I want you baby
You can steal this feeling (you know), you'll never be the same
I-
I want you like I need it (like I need it), them other niggas t
hink I-
I know that you can feel it (I need), this love got me insane

Magic in the eyes, surprise (aye)
I want to be the one that take you out all night, all right
And if you wanna me to be here, only one I'd die
Cause' every time I take a look at you, I feel alive
Anything you need is true, and every morning when I wake up
I be thinking about you
Go to movies, turn around and then we picking and choose
And you the last damn thing that I'm hoping to lose

Wanna take you home boo babe
You the only person who don't care about a check
Imma love you down until there's nothing to love back
You deserve real time cause you wanted love me
We can move around until there's nothing but love mess
Driving around town when I'm with you, I feel blessed
Fingers to my hair and my back under my chest
Imma hold you down until I feel the one best

Every single minute, you know I want you baby
You can steal this feeling, you'll never be the same I-
