

Pan (Outro)

Everyone got something to say
There ain't never been a right way
Tell me if you love me right away

Cause I want you
Cause I want you

I'd climb the highest mountain
Don't leave me by myself
Keep drinking from my fountain
Cause it's for no one else

These reasons I keep counting
Hang doubt upon the shelf
So come away with me we're gonna
Throw some wishes in a wishin well

I'd swim through colder waters
If it meant that I could be with you
But every time that we get into those fights you
Question everything that I would do

Be at yours like 5 in the morning
No traffic on the way to you
The city fades to the back while it's pouring
Wash away all the morning dew

So here we are again
On a journey that seems to never end
The dying warnings of a friend
Show us that the means justify the ends
Lament
And it feels
Like
