Hey babe, I don't know if you feel the same way, I'll be okay if you don't know what to say, another day, always, always

Hey you, and you know I could never hate you, all the bullshit that you hearin ain't true, ain't true, can't lose, lose you

I can't do everything, but when it comes to you it's anything, buy you a wedding ring, buy you every single thing to get the head again

Say yes again, you know I'm finna open up them legs again, writ in messages, rollin all around the bed like we wrestlin

I used to know what I want, so beautiful you are from afar, can't let you into my heart, my world is falling apart. Don't give a shit about betty, hope the beat of your heart runs steady, I'll show you the world if you lemme, hit me on my-phone with a text when you ready yeah!

We can fly wherever you please, imma find wherever you be, might buy whatever you need, fine wine that's red like rubies-girl

Finna show me where the room at, I been waitin a while to do dat, got me walkin a mile to move dat, cop you alll the styles to prove that-girl

Ain't backin out, tell you how I feel I ain't lacking now, ain't practice now, imma take you to the floor like we dancin now, you got me prancin now, I don't give a fuck about a mansion now, got me crashin out, what we posed to do with all this passion now

Like we talkin enough, and be it all pretty tough, if it's all just bluff, then it hurt like a cut, we gettin lost in the love, got me hooked on a drug, I do it all for a hug, I would crawl in the mud, we can chill in the tub, and we can hang out on the rug, it doesn't matter where I come

I can't do everything, but when it comes to you it's anything, buy you a wedding ring, buy you every single thing to get the head again

Say yes again, you know I'm finna open up them legs again, writ in messages, rollin all around the bed like we wrestlin

I used to know what I want, so beautiful you are from afar, can't let you into my heart, my world is falling apart. I don't give a shit about Betty, hope the beat of your heart runs steady,

I'll show you the world if you let me, hit me on my phone with  
a text when you ready yeah!
